

## 1929. Concatenation of Array

Sol 1.

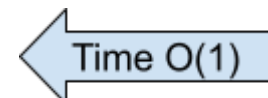

```
class Solution(object):  
    def getConcatenation(self, nums):  
        for i in range(0, len(nums)):  
            nums.append(nums[i])  
        return nums
```

Time  $O(N)$

Sol 2.

```
class Solution(object):  
    def getConcatenation(self, nums):  
        nums+=nums  
        return nums
```

Time  $O(1)$
